

Park Head Farm Sale

Saturday 12th September 2026

On Saturday, Penrith & District Farmers Mart conducted an on-farm sale on behalf of Messrs E Hird, Park Head, Welton.

Perhaps the largest crowd seen at a farm sale for a number of years gathered at Park Head, with the yard filled with locals, while travelled buyers arrived from as far afield as Ireland.

From start to finish, bidding was hot, with buyers keen to show their support for Edwin & Liz and their clean, well-maintained machinery, which had always been barn-stored. Topping the sale at £22,400 was the Case JX90U Maxxima, this 2004-registered tractor had only completed 4,099 hours and was sold locally to Mr W Graham, Fell View, Bothel.

The second cracking tractor on offer was an R-registered New Holland 7635, again with low hours at 4,949. This realised £20,500 and sold to Mr GT Beattie, Guardsmill Farm.

Prior to the sale, a large amount of interest had gathered for the New Holland L215 skid steer, registered in 2012, the hammer fell at £16,600, with the machine going to Mr R Connell, Grange Farm.

Some excellent lots of well-kept machinery were on offer, with a Shelbourne Reynolds power muck spreader selling at £7,400 to Mr Roberts, Wales.

The Kverneland Taarup 3024 mower sold for £5,600. While a tidy Rousseau hedgecutter, sold at £5,000, sailing across to Ireland.

The John Deere 456A small baler, slightly out of season, certainly didn't dampen the bidding, selling for £3,600.

Everyone here at Penrith & District Farmers Mart would like to thank Edwin & Liz for all their support and loyalty over the past years and wish them well in their retirement.
