

Cotland Farm Dispersal

Monday 12th October 2026

On Monday 12th October Penrith & District Farmers' Mart LLP held a dispersal sale of Breeding Cattle on behalf of Messrs N & AM Brough, Cotland Farm, Dumfries.

A very honest offering of cattle was forward to a packed ringside of customers from all over the United Kingdom.

The sale opened with a tremendous run of predominantly Aberdeen Angus X Hereford heifers & cows with growy calves at foot, and 3-4 months back in-calf. The sale topped at £4450 for lot 37, a third calved Beef Shorthorn cow with twin heifer calves at foot, and 2 months back in-calf, selling to Mr James Linsley.

Next up realising £4300 was a very tidy outfit with a tremendous bullock calf at foot, nearly four months back in calf, selling to Mr JH Baty & Son, Broomhill.

The whole sale went on to average a mind boggling £3287, and only 17 outfits sold just under the £3000 mark, proving a very consistent trade throughout.

The best of the in-calf heifers topped at £2500 for an Aberdeen Angus X Hereford, 3 1/2 months in-calf to the Beef Shorthorn.

Stock bulls topped at £6000 for an excellent Charolais, 6 years old, with great shape and condition, selling to Mr P Wilson, The Wath.
